The Times.

Office—Temple, Main and New High.

SCRUB nominations mean defeat.

SAME old rapids—two new fools.

HOLD the high-license fort, gentlemen.

THE Campbells are still coming, and they are loaded to the muzzle.

REPUBLICANS should do their best to-night. The Democrats will do their best to-morrow.

LORD COLIN CAMPBELL and Lucky Baldwin can sympathize. Both have evidently been led astray.

THOSE who conspire to throw down high-license are laying up a sorry day of reckoning for themselves.

THE TIMES' telegraphic budget springs the chases this morning. No forged dispatches in it, either.

A FAIR sample of the fashion in which unprincipled newspapers swindle their subscribers may be seen in the alleged London letter published in yesterday's Tribune as a telegraphic dispatch.

THERE are some palliating circumstances, it is true, for the apparent Republican lack of interest in the city campaign; but the Republicans can thank themselves. It is not the best way for citizens to throw the reins to persons whose antecedent crookedness is abundant proof of what they will do again, and then stand back in disgust at the result. And even now it is probably not too late for good citizens to jump in and save the impending wreck.

SOME interesting and important information was given at the Council meeting yesterday in regard to the new city charter, a matter about which, as one of the speakers remarked, probably less than a dozen business men of the city know anything. The suggestion of Geo. W. Knox, that the proposed charter should be published, has been done in San Francisco, in order to elicit comment from business men, is a good one and should be carried out. In another column of THE TIMES will be found a full account of yesterday's discussion on this subject.

DR. L. W. FRENCH is confident of receiving to-night the Republican nomination for Mayor. He may get it and he may not. In a municipal election here this year, nomination will not be equivalent to election. The nominee must have a record to recommend him. Dr. French's chief record in the city's service was in his determined fight against high license. He worked and voted against the ordinance, which would have been defeated but for the vote of one Democrat—Lambie. In view of the overwhelming majority rolled up at the last city election in favor of high license—a measure which has increasingly demonstrated its deserts of popular favor—this record would hardly prove an element of strength to the doctor at the polls. That is, with the better citizens. THE TIMES is aware that it will help him with the other element; and that several representative saloon men stated yesterday that the saloons would support French, having an understanding with him that his license shall be "axed all right for us."

Another consideration which will hardly commend him to the intelligent voter as a worthy head for so cultured a city, is his illiteracy. His official documents while in Council were prodigies of ill-writing and worse spelling. Good common sense may suffice for some positions, but the Mayor of Los Angeles should have at least the smattering of an education. Dr. Cochran, the other possible Republican nominee for the mayoralty, is a man of broad education and progressive views, a man of hard, horse sense, fambien, and a solid supporter of high license.

THE KNIGHTS OF LABOR.

MEMPHIS (Tenn.), Nov. 29.—The United States Circuit Court ended to-day a case against the Western Union Telegraph Company, of interest to the public. A creditor at Memphis telegraphed to his lawyer as follows: "A. B. owes \$600. If grounds, attach." This dispatch was sent by another creditor to the same lawyer. An attachment was laid and the money obtained, but only enough to pay the second creditor. The first creditor sued the Western Union, and the court held the company for the debt, Judge Jackson delivering the opinion, saying that the dispatch disclosed on its face its importance.

THE KNIGHTS OF LABOR.

PITTSBURGH (Pa.), Nov. 29.—The Knights of Labor of this section are making increased efforts to gradually include all trades unions in their order as separate districts. The Iron Molders' Assembly, No. 1080, of this city, have had under consideration for some time past the advisability of going into one national trade district of Knights of Labor. A meeting has been called for next Friday night, when the matter will be brought before the members. There are between 500 and 600 iron molders in the city. If it is decided to form a national trade district it is said that all of the Knights of Labor molders in the United States will be included in it.

A New Cable Contemplated.

SAN FRANCISCO, Nov. 29.—Advises from New Zealand state that a company has been organized to construct a Pacific cable, to cost \$20,000,000, as follows: From Brisbane, or some port in New South Wales, to North Cape, New Zealand, 1300 knots; to Fiji Islands, 1340 knots; to Fanning Islands, 2270 knots; to Sandwich Islands, 1380 knots; to Vancouver Island, 2720 knots; across the island and Straits of Georgia to Vancouver City, on the main land, the terminus of the Canadian Pacific Railway, 10 knots. An annual subsidy of half a million dollars is expected to be obtained from the colonial and imperial governments jointly.

ASSUMING TANGIBLE FORM.

NEW YORK, Nov. 29.—An Ottawa (Ont.) special to the Post says: "It is said in well-informed circles that Sanford Fleming's scheme of a Pacific-Australian cable will at once assume tangible form, and the new company who will carry out the work will be incorporated during the coming session of Parliament. Among those mentioned as directors and heavy shareholders are Sir George Stephen, baronet; Sir John Macdonald, A. Smith, Erasmus Wyman, Sanford Fleming and leading business financiers. The capital stock is to be \$10,000,000. It is proposed to raise \$5,000,000 in 5 per cent. shares and \$5,000,000 in 4 per cent. stock, secured by an imperial colonial guarantee. It is proposed to give a rate from London to Vancouver Island of 15 cents per word, and the rate to be one-fourth of the regular rate."

A United Labor Movement.

PHILADELPHIA, Nov. 29.—About 200 delegates, representing nearly all trade and labor organizations in the city, are in convention to-night to perfect an independent political organization, for the purpose of taking an active part in the municipal election in February next. Permanent organization was formed under the name of the United Labor party. It was organized every ward and election division in the city.

We Will Sell Smoke.

HAWAII, Nov. 29.—A settlement has been effected between the cigar manufacturers and their employees, and work has again been resumed.

An Important Decision Affecting the House of Representatives.

SAN FRANCISCO, Nov. 29.—The Supreme Court rendered a decision to-day, in the case of Tipton and wife vs. Martin. It appears that Tipton had a homestead in Marin county, upon which Martin levied an execution. Tipton thereupon commenced action to set aside the levy. The court held that, being a homestead, the place was exempt from execution. Defendants claimed that the plaintiffs had relinquished their homestead by abandonment, having taken up permanent residence elsewhere. In deciding the appeal the Supreme Court held that Tipton had not abandoned his homestead, and that the execution was null and void.

Arrested for Attempted Jail-break.

MERCED, Nov. 29.—Milton F. Heaves and William H. Hamlin were arrested at Hopetown, on Saturday last and lodged in jail here the same night, upon a charge of arson, arising from the burning of Chas. O. Buckley's store, dwelling and saloon, at Hopetown, about the 3d instant. Warrants have also been issued for the arrest of Chas. O. and E. F. Buckley, who are in San Francisco, for complicity in the same affair. The matter is a surprise to the community, the Buckley family having been regarded as good citizens.

The prisoners in the county jail made a broke for liberty Saturday night or Sunday morning, by digging through the wall of the building near the ground, proceeding so far that two of them crawled through with their hands and feet, and were forced to return. A strong guard of deputies is now kept around the jail to prevent any escape until the jail is made secure.

Evidently an Arduous Task.

WASHINGTON, Nov. 29.—The President was compelled to omit his usual afternoon reception to-day, in order to devote his attention entirely to his message.

SAN FRANCISCO STOCKS.

A Boom Prevailing, With a Marked Advance in Prices.

SAN FRANCISCO, Nov. 29.—Excitement in the mining stock boards continued to-day with slightly advanced prices but fewer sales, holders not being desirous of selling. The greatest rise was in Best and Belcher, which closed on Saturday at \$13.75. It opened today at \$14 and then gradually fell away and closed at \$14.75. Uprift took a considerable rise. From its closing price of \$12.50 on Saturday it jumped to \$17 at the opening board to-day, advanced to \$18 and went back at the close to \$15. The greatest excitement and fluctuations, however, prevailed in Consolidated California and Virginia. It closed on Saturday at \$5 and opened at the same figures this morning. It declined to \$4, then advanced to \$7 at the midday session and closed at \$4.

SAN FRANCISCO, Nov. 29.—[Later.] An advance was made all along the line, being the most marked in the Comstocks. Every stock listed felt the effect of the upper current. The sales were the largest of any during the present revival, being greater than among the most noticeable advances made were in Alpha Consolidated, which closed at \$2.50 on Saturday and closed to-day at \$4.45, which closed Saturday at \$2.45, closed at \$2.50; Beta, Saturday \$2.50, to-day \$3.50; Gamma, Saturday \$2.50, to-day \$3.50; Delta, Saturday \$2.50, to-day \$3.50; Epsilon, Saturday \$2.50, to-day \$3.50; Zeta, Saturday \$2.50, to-day \$3.50; Eta, Saturday \$2.50, to-day \$3.50; Theta, Saturday \$2.50, to-day \$3.50; Iota, Saturday \$2.50, to-day \$3.50; Kappa, Saturday \$2.50, to-day \$3.50; Lambda, Saturday \$2.50, to-day \$3.50; Mu, Saturday \$2.50, to-day \$3.50; Nu, Saturday \$2.50, to-day \$3.50; Xi, Saturday \$2.50, to-day \$3.50; Omicron, Saturday \$2.50, to-day \$3.50; Pi, Saturday \$2.50, to-day \$3.50; Rho, Saturday \$2.50, to-day \$3.50; Sigma, Saturday \$2.50, to-day \$3.50; Tau, Saturday \$2.50, to-day \$3.50; Upsilon, Saturday \$2.50, to-day \$3.50; Phi, Saturday \$2.50, to-day \$3.50; Chi, Saturday \$2.50, to-day \$3.50; Psi, Saturday \$2.50, to-day \$3.50; Omega, Saturday \$2.50, to-day \$3.50.

HAGGIN'S EXPERIMENT.

A Complimentary Review of its Probable Results.

NEW YORK, Nov. 29.—[By the Western Associated Press.] "The Star says: 'Expectations on the breeding of high-netted racers will soon have a fruitful topic of discussion, as Dublin, the Australian station, is soon to be settled in his new home, on J. B. Haggin's ranch, in California, where, in conjunction with Miss Woodford, he will give a chance to the world whether he will be a success or a failure as a breeder of high-netted racers. The experiment of mating an American mare with an Australian stallion is a novel one. Haggin is to be congratulated upon his pluck in making the innovation. Englishmen with a view to the improvement of the breed have done it. If the California sportsman should make a success of his venture, he will win for himself a name that will stand beside that of Admiral Keston and Pierre Loti, undoubtedly the foremost racing men of the sister continent. The people of Dublin may also turn out to be a big thing for Australian breeders, for should the Antipodian race-horse's progeny carry out of the big island, the country, there will be a great rush to secure all available animals that Australians feel disposed to sell.'

Threatened Rebellion by Bulgarian Malcontents.

Continued Agitation of the Irish Nationalist Question.

Numerous Arrests and More in Prospective.

Emperor William in a Peaceful Mood—Sir Michael Hicks-Beach to Formulate a Scheme for Administrative Reform in Ireland.

By Telegram to The Times.

BUCHAREST, Nov. 29.—At a meeting here yesterday of fugitive members of the Bulgarian revolution party, headed by Zankoff, it was decided that a new rebellion should be attempted in Bulgaria. The meeting was held at the Hotel Kerasladi, and was participated in by Schakotkine. Among the Zankoffites present were Benderer, Grunoff and other officers who had been dismissed from the Bulgarian service because of their connection with the recent uprising. Schakotkine promised that the Russian consul at Bucharest would afford the plotters protection in the event of the failure of their undertaking.

THE POLICE DISPERSE PUBLIC MEETINGS.

SILIGO, Nov. 29.—O'Brien, member of Parliament, attempted to address a meeting at Ballygale yesterday, but the meeting was dispersed by police. The excitement in Siligo is intense. The streets are guarded by police and cavalry. Commemorative banners were carried by the police and dispersed the meeting with drawn bayonets. There was no riot.

DUBLIN'S LORD MAYOR PROTESTS.

DUBLIN, Nov. 29.—Lord Mayor Sullivan has summoned a meeting of citizens of Dublin to assemble next Friday, to protest against the government's tyranny toward the Irish National League.

WILL DEFEND HIMSELF.

JOHN DILLON will defend himself in the case brought against him by the government. Right Hon. Hugh Holmes, Attorney-General of Ireland, and John G. Sollefors, General, will conduct the prosecution against Dillon.

READY FOR THE EMERGENCY.

DUBLIN, Nov. 29.—Commoner Redmond, speaking in Dublin to-night, said that if one half of Dillon's or O'Brien's head was injured, the Irish people would know how to avenge themselves for the outrage.

O'BRIEN'S VIEW.

DUBLIN, Nov. 29.—In an interview to-day O'Brien said he was of the opinion that executives would defend themselves in trying to stem the tide of opinion in favor of a reduction of rent, even if O'Brien having declared in favor of a produce rent. The government, he said, were playing the game of bankrupt landlords, whose estates were so deeply mortgaged that it was impossible for them to meet their engagements unless they exacted full rents. He feared the government's action would lead to a serious crisis, and he was confident that the English people would see the justice of the claims of the Irish peasantry, and that the repressive policy would speedily produce a revision of feeling in England against the authors of this policy.

AN EFFORT AT REFORM.

LONDON, Nov. 29.—Sir Michael Hicks Beach, Chief Secretary for Ireland, is formulating a scheme for the reform of the Irish administration. He has offered the post of under secretary to Gen. Buller as a provisional matter, and the latter has accepted.

O'BRIEN MUST ANSWER.

The Standard's Dublin correspondent says a warrant will be issued for the arrest of O'Brien.

THE FISHERIES QUESTION.

LONDON, Nov. 29.—At the British Foreign Office doubts are entertained whether President Cleveland will be in a position to announce in his coming message a solution of the fishery dispute. No progress is being made toward a settlement. Lord Salisbury is absorbed in the Eastern question and has completely related to Minister West all negotiations with the United States. The attitude of the Dominion government is not favorable to a settlement. An extradition treaty has been definitely formed upon the exact terms drafted by Minister Phelps and Lord Rosebery. Reports that amendments have been made by Canada are incorrect.

GLADSTONE'S RETIREMENT.

Gladstone declines any request to speak until Parliament reassembles. He has sent letters to several of his late colleagues, stating his programme for the coming session. He appears an immediate challenge to the government to state its Irish policy in debate, although he expects that the Unionists will maintain their adhesion to the government. Afterwards he will assist in an effective settlement of the procedure question.

EMPEROR WILLIAM PROGNOSTICATES PEACE.

BERLIN, Nov. 29.—Emperor William, in receiving the President and Vice-Presidents of the Reichstag to-day, referred to the work now before the members as of the first importance to the empire. He hoped the military bill would be passed willingly. Other parliamentarians showed themselves disinterested in the demands for army expenditures, and Germany had to consider that she is already outstripped by neighboring States. He concluded by expressing his belief that peace would be maintained.

Diamond Street Massacre.

The amorphous street motor railroad for which the City Council yesterday granted right of way to John S. Maltman, Joseph Hyams and J. H. Burns, is now under construction. The street runs from the crossing of Texas and Diamond streets just this side of the present terminus of the Second Street Cable Road. Thence it will run along Texas street to Temple street, and follow that street westwardly for a quarter of a mile beyond Alvarado street. From Alvarado street the route is southwesterly to Diamond street, and then to the street to the west boundary of the city. The fare is to be five cents and all persons attending the public schools are to be carried at half fare.

THE LONDON SCANDAL.

MORE SENSATIONAL DEVELOPMENTS YESTERDAY.

Finlay Continues His Opening Statement, in which the Plaintiff Appears to a Marked Disadvantage.

By Telegram to The Times.

LONDON, Nov. 29.—[By Cable.] In the Campbell divorce case, to-day, Finlay, for the defense, continued his presentation of Lord Colin Campbell's case. If Lady Campbell had believed, the lawyer argued, that her husband had communicated a malady to her she would have mentioned the fact to him, but this she had never done.

The judge (interrupting) said that the argument related entirely to the cruelty alleged in the petition, as one of the grounds for divorce, and as said cruelty had been proven in a former trial, in which plaintiff had obtained a decree of separation on that ground alone, he must now refuse to allow the allegation of the cruelty, and should direct the jury to find that defendant had given to plaintiff some kind of disease.

Finlay (resuming) said that all of plaintiff's allegations in her petition were false and had been made to intimidate, and had since been withdrawn, except on a charge the truth or falsity of which could be known only to Lady Campbell herself. The defense, however, had evidence to show that a flood of light upon Lord Colin's proceedings in Paris in regard to his charges. He had the lady arrested because at that time defendant believed that she was in adultery with the Duke of Marlborough. Lady Campbell had written to the Duke of Marlborough, on the 2nd of October, in the morning, had gone up stairs with her and remained with her twenty minutes, and then she came to the tea table the servant who took tea up to Lady Campbell found the drawing room door locked, and a little later she unlocked, and saw that Lady Campbell's face was flushed and the furniture out of place. On these occasions, counsel continued, plaintiff had doubtfully misbehaved. Lady Campbell's maid would be called and would prove that on more than one occasion, while plaintiff was living alone, her coach at Leigh Court was occupied by more than one person. A servant and two other witnesses would testify that plaintiff had admitted acts of infidelity in Purfleet Hotel. Dr. Bird and Lady Campbell at one time were constantly together, and whenever he called plaintiff used to give him a key to the house, which she never returned.

On the 21st of October, when she was returning from a charitable concert, carrying each other in the cab. On this occasion they were driven to Dr. Bird's residence, both went in. The cabman remained outside and Lady Campbell carried so long that he drove away. It would also be shown that when Dr. Bird visited Lady Campbell, he was in a darkened room. Referring to Chief Shaw, of the London Police, Finlay said, that Lady Campbell had met the chief in an unlighted drawing-room in Calogan Place, in 1881, and remained with him until 11 o'clock, and during 1882 with him alone in a dining-room under conditions which would convince the jury that the chief was wrong-doing. Lady Campbell's connection with Gen. Butler was largely referred to, also the length of time she remained with him, and the fact that this shameless woman had concocted a story about Lord Colin's criminal intimacy with his wife's maid, Mary Watson, which would produce two surgeons who could and that therefore it was impossible that she could have been guilty of adultery with her.

At this point Mr. Finlay denounced, with great excitement and passion, the conduct of the "Infamous fraud, and perjury and shameless conduct of Lady Miles and Lady Colin. Colin, who had been accused of debauching her prayer book by inscribing therein dates of Lord Colin's alleged wrong-doings, for the purpose of accumulating data upon which to found the present suit.

MARY WATSON'S TESTIMONY.

The first two witnesses called in the Campbell divorce case were Mary Watson and both testified that they had examined Mary Watson and had found her pure. Neither, however, in cross-examination, could swear that an attempt to assault the girl had not been made. Mary Watson herself was sworn. She is a tall, slim girl. She denied all of Lady Miles's testimony concerning her intimacy with the Duke of Marlborough. She testified that she had seen the Duke in the dining-room when he called because her mistress was with Lord Colin in his bedroom. She called Lady Colin out, saying the cook wanted to see her. When Lady Colin came out without the Duke, she said she did not see the Duke, and Lady Colin said: "Thank you, Mary." (Laughter.) "Lady Colin," witness continued, "used to receive Captain Shaw alone. On one occasion took tea with Lady Colin before going with her to a concert. When the carriage arrived, witness went to the door to Lady Colin, and found that she and Dr. Bird had gone to Lady Colin's bedroom." On cross-examination, witness said if she had ever seen any impropriety on the part of Lady Colin, witness replied that she never had. Witness admitted having written down the dates of Lord Colin's alleged wrong-doings, but she asserted that she had never signed them, "Your affectionate Mary," but simply "Mary."

The court then adjourned.

THE MAIL ROBBERY.

The Belgian Government Cannot be Held Liable.

WASHINGTON, Nov. 29.—[By the Western Associated Press.] Nicholas M. Bell, superintendent of foreign mails, referring to a statement cabled from Brussels that the Belgium government under existing treaties, is responsible to this government for the packages lost in the recent mail robbery, says that for want of Congressional authority the postal authorities have not subscribed to that provision of the Lisbon Postal Union treaty which provides for indemnification for the loss of registered matter, and as the provisions of the treaty are reciprocal in their operation, they bind only those governments which have become parties to them. Supt. Bell also stated that the statements in dispatches purporting to give the aggregate value of the lost packages was the merest guess-work as no one could know the value of packages but the senders.

READING (Pa.), Nov. 29.—[By the Western Associated Press.] Investigation to-day of the case of Frank Kermer, who choked his wife to death and then set the building on fire, showed that he also made preparations to blow it up, by running a fuse from the upper floor into a keg of powder. Kermer has made a full confession, detailing how he choked his wife and then dragged her upstairs to a bed, poured coal oil over it and set it on fire. He is Anarchist in his ideas.

PIANO TUNING. WE HAVE lately added to our business the department of tuning and repairing pianos and organs and have secured the services of one of the best workmen in the East in the person of Mr. F. B. HOWE, formerly with the Emerson and Chickering piano companies of Boston, and later with Decker Bros.' branch house at St. Louis. Those having fine instruments, which they are afraid to trust in the hands of unknown and irresponsible traveling tuners, can be guaranteed a good and safe job at a reasonable price by a responsible house, employing one of the best tuners in the country, on leaving their orders with us.
